ADOPT AGENDA

Chairman Fleury called for a motion to adopt the meeting agenda with the following revision: move Consent Agenda Item #8c, Amendment to FERPA Policy, off Consent and under the Academic & Student Affairs Committee as the first item on that report.

On a motion by Regent Balducci, seconded by Regent McGurk, the Agenda was unanimously adopted as amended.

CAPITAL COMMUNITY COLLEGE PRESIDENT WILFREDO NIEVES

CCC President Wilfredo Nieves offered brief remarks welcoming the Board to campus.

OPPORTUNITY TO ADDRESS THE BOARD

The following individuals addressed the Board members:

- Dr. Candace Barrington and Dr. Ken Klucznik shared information regarding the Transfer Articulation Policy and provided Board members with material concerning the CSCU Transfer Tickets (see Attachment A hereto).

CSCU PRESIDENT MARK OJAKIAN

President Ojakian updated the Board on the following items

**Immigration**  issued guidance for the campuses on how to respond to ICE. Lots of press coverage to spread the word about our protocol.

**Transgender rights.** Currently drafting policy to send to the ASA Committee for their March meeting on use of bathroom and locker room facilities. On May 16, 2016 the United States Department of Education issued a “Dear Colleague Letter” (DCL) specifically addressing treatment of transgender students. This DCL required allowing student access to facilities in a manner consistent with their gender identities. Although the Dear Colleague Letter was rescinded by the Trump Administration, Governor Dannel Malloy on February 23, 2017 issued Executive Order No. 56 reaffirming the state’s commitment to protecting civil rights and to prohibiting discrimination against transgendered persons.

**Meriden Center / Middlesex Community College**  -  -  At February 28th meeting of the Meriden Board of Ed’s Finance Committee, the School Superintendent made a proposal (which was approved unanimously) to move the Meriden Center to Platt High School deepening the relationship between the Middlesex Community College and the district. Meriden’s full Board of Education is scheduled to vote on this proposal on March 7 and, if approved, the Center will be moved in August. President Ojakian noted this would be a significant savings to the college and keep vital educational programs in the city.

**2018/2019 Governor’s Budget** (see Attachment B hereto)
Overview of CSCU work groups –

- Good effort by all to identify ways to improve operations, free scarce resources for teaching, learning and students supports, enhance collaboration both across campuses and with external stakeholders, and address issues of non-compliance.
- Most recommendations don’t require Board approval but rather are activities which can be undertaken administratively and programmatically today.
- Rough calculation finds potentially $5m in savings that can come over the next year or two from the recommendations of the work groups.
- As options with the Board, we are keeping a few key objectives at the forefront:

  Students first
  - Focus on teaching, learning and student support
  - Maintain access, affordability and high quality

  All options are on the table
  A Band Aid approach won’t work any longer
  - No longer feasible for each institution to reduce costs—must look at consolidated approach
  - Recent cuts are impacting student success

BOR CHAIRMAN MATT FLEURY

Chairman Fleury thanked President Ojakian for his comments and expounded upon them noting that the Board, together with administration, needs to look analytically and strategically at the operations in light of the current fiscal situation and that the Board needed to do so on an accelerated basis. He added that the budget proposal assumed huge concessions on the workforce side, which may or may not come to fruition as forecast. Reiterating the priorities that President Ojakian referenced in his remarks, Chairman Fleury indicated the Board would be looking at the current system structure and operations in an effort to identify cost savings, such as those achieved via the CSCU working groups and other avenues. Chairman Fleury indicated that he would be calling a special meeting of the Board to discuss all options prior to the April 7 meeting at Eastern.

(See Attachment C hereto for amended directory information and restated policy.)

Doctorate of Social Work – Southern Connecticut State University

At the request of Committee Chair Harris Regent DeNardis provided a brief overview of the process and the tremendous amount of collaboration that resulted in the Committee’s moving forward this recommendation from Southern. President Bertolino also spoke to this issue and introduced several staff members who participated in developing this recommendation. On a motion by Committee Chair Regent Harris and a second by Regent DeNardis, the following resolution passed unanimously:

RESOLVED: That the Board of Regents for Higher Education approve the licensure of a Doctorate in Social Work degree at Southern Connecticut State University for a period of three years until March 30, 2020.
AUDIT COMMITTEE

Audit Committee Chair Elease Wright noted that at the last Board of Regents meeting on December 8, the Board provided the Audit Committee with the authority to accept the system’s three audited financial statements and related auditor’s reports for the year ended June 30, 2016 on behalf of the full board.

In that capacity, Regent Wright advised, the Audit Committee met on December 9 and again on December 23 to review these materials with system management and the independent auditors, Grant Thornton. The final reports for the Community Colleges, State Universities, and Charter Oak State College have been issued with unqualified (or “clean”) opinions by the auditing firm. These were accepted by the Audit Committee at our December 23 meeting. The reports have been distributed to Board members and are available on the system’s website (links provided below). They have also been provided to the Office of State Comptroller for appropriate inclusion in the state’s Comprehensive Annual Financial Report.

- FY2016 Audit of Charter Oak State College and CT Distance Learning Consortium (Grant Thornton)
- FY2016 Audit of Project Expenditures CSUS 2020 (Blum Shapiro)
- FY2016 Financial Statements and Management Letters for the Connecticut State Universities and Community Colleges (Grant Thornton)

Noting that this was the first year that Grant Thornton provided the system with auditing services, Regent Wright expressed the Committee’s appreciation for the professionalism and insights offered by the firm, and as a result of a fresh set of eyes on the highly technical reports, several changes were implemented which should result in a better end product.

In addition, on December 9, the Audit Committee accepted the CSCU 2020 Project Expenditures for FY2016 as presented by system management and the independent audit firm of Blum Shapiro. Blum Shapiro also issued an unqualified opinion resulting from their audit.

In closing, Regent Wright advised that at the December 23 meeting, the Audit Committee also accepted the audited financial statements of the FY16 Foundations for all institutions. The foundations are not managed by our system staff, but the audited statements are reviewed to ensure that there are no issues presented that would cause concern. No such items were noted in the Committee’s review.
FINANCE AND INFRASTRUCTURE COMMITTEE

No report or action items for Board consideration

HUMAN RESOURCES AND ADMINISTRATION COMMITTEE

No report or action items for Board consideration.

EXECUTIVE COMMITTEE

No report or action items for Board consideration.

What are Transfer Tickets? Transfer Tickets are the product of the Transfer and Articulation Policy, or TAP, which was implemented to ensure students can transfer from Connecticut Community Colleges (CCC) to Connecticut State Universities (CSU) in the most seamless way possible. Connecticut’s Community Colleges, State Universities and Charter Oak State College (COSC) have partnered to offer a low-cost pathway to a bachelor’s degree.

No Loss of Credit! Each Transfer Ticket tells students exactly which courses to take. Students’ degrees can be attained without costing extra money or requiring extra credits. Courses awarded college-level credit within a Transfer Ticket degree at a CCC will be accepted at all CSUs and COSC (if they have the program) as meeting degree requirements within the chosen major. A student who completes 60-61 credits in a Transfer Ticket at a CCC will enter a CSU or COSC as a junior and need to take 60 credits to earn a bachelor’s degree in the major. Some of the TAP programs may have selective admissions requirements; academic advisors will work with students and assist in the program transitions.

Important to Know!

**Designed by Disciplinary Experts** Each Transfer Ticket degree was designed by faculty work groups comprising disciplinary experts from all 17 CSCU campuses. Over 350 faculty served on these work groups, volunteering their time and their expertise to develop degrees and degree plans allowing community college students to complete associate degrees that prepare the students to complete bachelor’s degrees in their chosen major. The work groups reconvene annually to refresh the degree programs, adjusting them to account for program changes and student needs. This ongoing work will ensure the Transfer Tickets remain viable and useful for students.

**Program-to-Program Transfer** CSCU Transfer Tickets are designed as program-to-program transfers, rather than course-by-course transfers, thereby providing students with the recognized benefits of a coherent general education and disciplinary program.

**Transfer Navigator** The CSCU website features a Transfer Navigator. There students find three important pieces of information. (1) Information about the 25 associate-level transfer degrees; (2) a suggested sequence of classes for the first sixty credits that provides maximum scheduling flexibility, options to explore fields, and the broadest range of programs available to them for as many semesters as possible; and, (3) the final sixty credits required at each of the CSUs and COSC offering the bachelor’s degree.

**Clear Standards** In order to graduate and be guaranteed admission to a CSU or to COSC, students must earn an overall 2.0 grade point average at the community college. Note: Art, Business, and Social Work are selective admissions programs at the CSUs and have additional admissions requirements. In all instances, CCC students are held to the same standard as the CSU native students.

**Ease of Use for Students** To ensure students have both the right information at the right time and the peace of mind that their credits will transfer effortlessly, CSCU Transfer Advisors, Admissions Counselors, Registrars, Financial Aid Officers, Information Technology staff, and other Student Services personnel have devoted numerous hours to ensure the faculty’s vision can be a reality for students. Their problem-solving expertise means Transfer Ticket options are clearly presented to students so they can graduate (first from the community college, then from a CSU or COSC) without accruing excess credit.

**Career Options** The TransferTickets are transfer degrees, and they are not designed to provide stand-alone credentials. In some cases, however, faculty have designed the transfer degrees so that they parallel similar career degrees for as long as possible. Students in these fields will generally be able to defer deciding whether to complete the transfer degree or the career degree until the final 15 credits of the associate degree.

**Transfer Status** Upon transfer to a CSU or COSC, each student will have a clear 60-credit pathway to follow in the major, will have junior status, and will be paired with an academic advisor.

**Financial Aid** Financial aid for transfer pathways is no different from any other credit-bearing program at the Colleges. Academic advisors will recommend counseling by the institution’s Financial Aid Office, where students can receive current information about specific eligibility concerns and options.

**Additional Details** The details of each Transfer Ticket and remaining requirements in the majors at the CSUs and COSC can be found at www.ct.edu/transfer.

Budget Situation

• Proposed FY18 budget would reduce appropriations by $42M (12.4%) since FY15:

• Including the impact of fringe benefits, reduction in state funding since FY15 totals $68M

• Based on proposed budget, we estimate a biennium budget hurdle of $33M in FY18 and $48M in FY19

• State budget still has a $700M gap; if concessions not achieved may see further budget reductions
  ✓ As much as an additional $32M reduction to CSCU ($58M with fringe benefits)
  ✓ Would bring 3-year cum appropriations reduction to $126M

• Moving forward, growing fringe benefit rates, potential wage increases and declines in high school graduates could grow this budget gap by an additional $10M per year
Family Educational Rights and Privacy Act (FERPA) Notice and Directory Information Policy

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. These rights include:

1. **The right to inspect and review the student’s education records within 45 days of the day the College or University receives a request for access.** Students should submit to the registrar, dean, head of the academic department, or other appropriate official, written requests that identify the record(s) they wish to inspect. The College or University official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the College or University official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

2. **The right to request amendment of an education record that the student believes is inaccurate.** Students may ask an appropriate College or University official to amend a record that they believe is inaccurate, misleading or a violation of the student’s right to privacy. However, FERPA is not intended to provide a process to question substantive judgments that are correctly recorded. Consequently, FERPA amendment requests do not allow a student to contest a grade in a course because the student believes that a higher grade should have been assigned.

   To request amendment of an education record, the student should write to the official, clearly identifying the part of the record he or she wants changed and specifying why he/she believes it is inaccurate. The institution will notify the student of the decision. If the institution decides not to amend the record as requested by the student, a College or University official will advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. **The right to provide written consent before the College or University discloses personally identifiable information (PII) from the student’s education records, except to the extent that FERPA authorizes disclosure without consent.** FERPA permits disclosure without a student’s prior written consent under the FERPA exception for disclosure to school officials who have a legitimate educational interest. A “school official” is a person employed by a College or University in an administrative, supervisory, academic, research, or support staff position (including law enforcement unit personnel and health staff); a person serving on the Board of Regents; an employee of the Connecticut State Colleges and Universities system office; or, a student serving on an official committee, such as a disciplinary or grievance committee. A school official also may include a volunteer or contractor outside of the College or University who performs an institutional service or function for which the College or University would otherwise use its own employees and who is under the direct control of the College or University with respect to the use and maintenance of PII from education records, such as an attorney, auditor, or collection agent or a student volunteering to assist another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for the College or University. Upon request, the College or University also discloses education records to officials of another school in which a student seeks or intends to enroll without the prior consent of, or notice to, the student.
FERPA also permits disclosure of education records without consent in connection with, but not limited to:

- To comply with a judicial order or a lawfully issued subpoena;
- To appropriate parties in a health or safety emergency;
- In connection with a student’s request for or receipt of financial aid, as necessary to determine the eligibility, amount or conditions of the financial aid, or to enforce the terms and conditions of the aid;
- To certain officials of the U.S. Department of Education, the Comptroller General, to state and local educational authorities, in connection with certain state or federally supported education programs;
- To accrediting organizations to carry out their functions;
- To organizations conducting certain studies for or on behalf of the College or University;
- The results of an institutional disciplinary proceeding against the alleged perpetrator of a crime of violence to the alleged victim of that crime with respect to that crime.
- Directory information as defined in the policy of the Board of Regents.

4. The right to refuse to permit the College or University to release Directory Information about the student, except to school officials with a legitimate educational interest and others as indicated in paragraph 3 above. To do so, a student exercising this right must notify the University's or College's Registrar, in writing. Once filed, this notification becomes a permanent part of the student's record until the student instructs the University or College, in writing, to remove it. A student may exercise his or her right to opt out of Directory Information, prohibiting disclosure of the student's information without the student’s consent as noted in section 3, except however, that pursuant to the Solomon Amendment, military recruiters must be provided the same access to student information as is provided to nonmilitary recruiters.

5. The right to file a complaint with the U.S. Department of Education concerning alleged failures by Colleges to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education 400
Maryland Avenue, SW Washington, DC
20202-4605
