CALL TO ORDER

Chair Fleury called the meeting to order at 10:05 am and, following roll call, declared a quorum present.

ADOPT AGENDA

Chair Fleury called for a motion to adopt the meeting agenda as presented; **on a motion by Regent Balducci, seconded by Regent Ryan, the Agenda was unanimously adopted.**

OPPORTUNITY TO ADDRESS THE BOARD

No one present addressed the Board.

BOR CHAIR MATT FLEURY

Chair Fleury commented on the following topics:

expressed his appreciation to SCSU President Joe Bertolino for the privilege of joining him at their spring commencement, adding that it is always a wonderful opportunity for all the Regents who attend commencements and a reminder of the important work that goes on throughout the CSCU community by students, faculty and staff all year long.

Referenced the passing of Regent Elease Wrights' mother and extended his sympathies on behalf of the full Board to Elease and her family.

CSCU PRESIDENT MARK OJAKIAN

President Ojakian addressed the following topics:

- Final days of the legislative session
 - CSCU was essentially flat-funded, with a slight increase to offset the rising cost of fringe benefits. Despite this, significant financial challenges remain, particularly for our community colleges, necessitating continual steps to improve our fiscal position in the long-term.
 - Thanked his team for their efforts, mentioning Alice Pritchard, Ben Barnes, Alex Beaudoin and Leigh Appleby.
 - No action was taken on SB 749, which would have required legislative approval for the merger or closing of institutions within CSCU.
 - Provisions on debt-free college were included in the [budget](#), with funding tied to new online lottery or "iLottery" if determined feasible by the CT Lottery Corporation. OPM Secretary will submit a report to the General Assembly by February 5, 2020 regarding this feasibility. If that proves to be insufficient, the Governor is tasked with proposing adjustments to the state budget next year to cover cost of program
- **Focus** this summer on planning for the next year with lots of work underway in academic affairs, finance, IT, Human Resources, institutional research, etc.
- VP of Enrollment Management has met with the colleges to understand their current enrollment strategies and to offer suggestions on maximizing their efforts. The colleges are hosting many Super Saturdays and other events to encourage enrollment and we're

doing a number of press events with members of the Congressional delegation to showcase our free applications and affordability. We are working with a new marketing firm O'Donnell Company on a campaign this fall as well to promote the colleges. We expect to see tangible outcomes from these activities.

- **Recognized** members of the CSU team for a recent award from the CT Building Congress. This year the CBC recognized the CSU and project team for Housatonic's Additions and Renovations Project under their "Large New Additions and Renovations" award category. The CBC additionally recognized this project for a second award as "Project Team of the Year." President Ojakian noted the project came in on time and on budget.
- **Recognized outgoing Commissioner of Education** thanking her for her contributions.
- **Wished outgoing QVCC President Carlee Drummer** well in her new position and thanked her for her contributions in support of QVCC and the CSU system.
- **Expressed his sincere appreciation** to Steve Weinberger, VP of Human Resources and Labor Relations, for his invaluable service, noting that he would be retiring the end of June.

AUDIT COMMITTEE

Reporting for Audit Committee Chair Eleise Wright, Regent JoAnn Ryan stated that the Audit Committee met on Tuesday June 11, 2019. Regent Ryan noted that the Committee received an update on several staffing changes impacting the committee’s work, and heard a brief presentation from Grant Thornton on the status of the audit work for FY 2019 which has already begun.

Regent Ryan further advised that the Committee approved the selection of CohnReznick as the auditors for the CSCU 2020 program. State statutes require CSCU to change auditors every five years and Blum Shapiro had completed five years of service. Approval of the selection of auditors is done by the Audit Committee and does not require action by the full Board.

FINANCE & INFRASTRUCTURE

Finance & Infrastructure Committee Chair reported that the Committee met on Thursday, June 13, 2019 and had one discussion item and one action item to share with the Board.

Staff made a brief presentation regarding the status of various administrative consolidations under **Students First**, and provided an update on financial projections for the Community Colleges based on Students First and the adopted state budget. In addition, the Committee discussed the independent analysis of the Students First financial projections undertaken by the Legislative Office of Fiscal Analysis. Their review confirmed that the CSCU cost savings were supported by data and reasonable assumptions.

FY 2020 Spending Plans BR 19-085

Committee Chair Balducci noted that the Committee members reviewed the spending plans for the CSUs, the Community Colleges, and Charter Oak. The plans submitted by the individual campuses would have resulted in deficits of \$7.5 million for the CSUs, \$19.6 million for the Community Colleges.

Chair Balducci advised that the shortfalls were the result of increases in salary costs because of the SEBAC agreement (\$30 million) and increases in Fringe Benefits including \$18 million for the SAG Award (SEBAC ARP Grievance), adding that those increases were not fully offset by the \$11.5 million increase in state assistance.

The committee voted unanimously to accept the spending plans as submitted with the proviso that the use of reserves at the Community Colleges be limited to \$8 million. Chair Balducci shared that would require the system office to assign savings targets to each college totaling \$12 million. Each college will determine the best way to meet their campus target, and the Finance Committee will receive updates from staff as the year progresses as to how those targets are being reached. Chair Balducci reiterated that the colleges would be determining how to meet those targets.

It is projected that reserves at the end of the coming year will be approximately \$135 million for the CSUs, \$29 million for the Community Colleges and \$1.7 million for Charter Oak. Staff indicated they anticipated the final fringe benefit rates from the state would be lower than anticipated, so some of the savings targets can be met by reflecting the new rates once they are published by the Comptroller. Staff also showed that these one-year cuts will help ensure that the Community Colleges remain solvent with reserves over the next few years as the savings from Students First are fully implemented.

Regent Balducci read a note he received the night prior from CFO Barnes

“The Comptroller published final fringe benefit rates earlier this week. The rates are lower than earlier estimates.

The total impact of these new rates is going to be a reduction in total fringe costs of the CSCU systems. For the CSUs, preliminary projections are that the operating fund will see a reduction of almost \$5 million, while the General Fund will see a slightly larger reduction. Only the operating fund impact will affect the system spending plans.

We are still working to calculate the impact of the changes in the Community Colleges but we estimate that the budget benefit to the colleges will be similar but somewhat less than the CSU impact.

This change will significantly reduce the CSU’s use of reserves. For the colleges, the fringe changes will help achieve the spending targets recommended in the budget.”

Discussion then ensued among board members, responsive to a suggestion from Regent Budd that additional charts from the staff report be included as exhibits to the resolution, in addition to Attachment A. A primary concern expressed was that the use of reserves to bridge the shortfall would not exceed \$8,000,000 and that every effort would be made to mitigate the impact on students. Discussion also included the need for the universities and colleges to respond to the State’s workforce needs. President Ojakian stated the following concerning the additional cuts to the campus budgets to minimize the draw on reserves:

- 1) are based on the deficit at the colleges that remains after approval of the State budget for 2019-2020;
- 2) will be determined after each college comes back to the System Office with a plan;
- 3) will include input from the Regional Presidents
- 4) will not, to the extent possible, impact students; and
- 5) will be reported through quarterly updates to the Board through its Finance Committee.

President Ojakian further stressed that the budget is fluid and flexible, especially in the area of fringe benefits, and that he believes most cuts will come from the line items for “personal services” and “other expenses.”

On a motion by Regent Balducci and a second by Regent Rosa, the resolution below concerning the FY20 Spending Plan was unanimously adopted.

WHEREAS, Pursuant to the provisions of Section 10a-8 of the Connecticut General Statutes, “...the Board of Regents for Higher Education shall be deemed the budgeted agency for the Connecticut State University System, the regional community-technical college system and Charter Oak State College. The Board of Regents for Higher Education shall develop a formula or program-based budgeting system to be used by each institution in preparing operating budgets...”; and

WHEREAS, Each college, university and the System Office has submitted a budget for FY 2020 to the Board of Regents summarized in Attachment A; and

- WHEREAS,** The Board of Regents approves an overall spending level for all funds except for federal and private grants, bond funds, and intra/inter agency funds; and
- WHEREAS,** Each institution shall adhere to the approved budget; and
- WHEREAS,** The FY2020 Budget/Spending has been developed based on the approved state budget and state appropriations to CSCU dated June 5, 2019; and
- WHEREAS,** The institutional budgets have incorporated information provided by the Governor's office/OPM, the Office of the State Comptroller, legislative pronouncements, and agreements (including provisions of SEBAC); and
- WHEREAS,** The institutions have reduced spending wherever practicable over the past several years as state support has been reduced and wages/fringe benefits have increases; and
- WHEREAS,** Nonetheless the FY2020 Budget presents a significant loss position for Community Colleges, and a smaller but significant loss for three of the four universities; and
- WHEREAS,** Management has undertaken the Students First plan, which, in conjunction with other anticipated savings and demographic trends, will enable the system to return to sustainable, balanced operations over the next 4 years; and
- WHEREAS,** The Board of Regents has reviewed and discussed the budget proposal and determined that the losses reflected in the spending plans submitted by the Community Colleges are so great as to jeopardize the financial viability of the system; and
- WHEREAS,** The Board wishes to limit the reduction of reserves in the Community Colleges to no more than \$8 million in FY 2020; therefore, be it
- RESOLVED THAT,** The Board of Regents for Higher Education approves the FY2020 Budget/Spending Plan as summarized in Attachment A, subject to reduction in order to limit the use of reserves within the Community Colleges to \$8 million.

RESOLUTION

concerning

FY2019 BUDGET/SPENDING PLAN

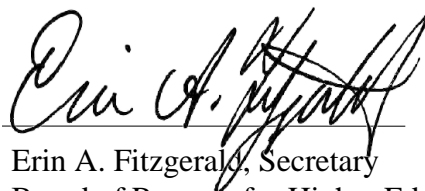

THE CONNECTICUT STATE COLLEGES & UNIVERSITIES

June 20, 2019

- WHEREAS, Pursuant to the provisions of Section 10a-8 of the Connecticut General Statutes, "...the Board of Regents for Higher Education shall be deemed the budgeted agency for the Connecticut State University System, the regional community-technical college system and Charter Oak State College. The Board of Regents for Higher Education shall develop a formula or program-based budgeting system to be used by each institution in preparing operating budgets..."; and
- WHEREAS, Each college, university and the System Office has submitted a budget for FY 2020 to the Board of Regents summarized in Attachment A; and
- WHEREAS, The Board of Regents approves an overall spending level for all funds except for federal and private grants, bond funds, and intra/inter agency funds; and
- WHEREAS, Each institution shall adhere to the approved budget; and
- WHEREAS, The FY2020 Budget/Spending has been developed based on the approved state budget and state appropriations to CSCU dated June 5, 2019; and
- WHEREAS, The institutional budgets have incorporated information provided by the Governor's office/OPM, the Office of the State Comptroller, legislative pronouncements, and agreements (including provisions of SEBAC); and
- WHEREAS, The institutions have reduced spending wherever practicable over the past several years as state support has been reduced and wages/fringe benefits have increases; and
- WHEREAS, Nonetheless the FY2020 Budget presents a significant loss position for Community Colleges, and a smaller but significant loss for three of the four universities; and

- WHEREAS, Management has undertaken the Students First plan, which, in conjunction with other anticipated savings and demographic trends, will enable the system to return to sustainable, balanced operations over the next 4 years; and
- WHEREAS, The Board of Regents has reviewed and discussed the budget proposal and determined that the losses reflected in the spending plans submitted by the Community Colleges are so great as to jeopardize the financial viability of the system; and
- WHEREAS, The Board wishes to limit the reduction of reserves in the Community Colleges to no more than \$8 million in FY 2020; therefore, be it
- RESOLVED THAT, The Board of Regents for Higher Education approves the FY2020 Budget/Spending Plan as summarized in Attachment A, subject to reduction in order to limit the use of reserves within the Community Colleges to \$8 million.

SUMMARY

CSCU faces extraordinary fiscal challenges in FY 2020. Declining enrollment, constrained state appropriations, salary increases, and reduced available bond funds will all challenge the system to continue to meet student needs while ensuring the long-term financial health of our institutions.

The base spending plans are presented to you as submitted by the colleges and universities in the system. The system office has reviewed these plans for accuracy and consistency, but they reflect the requests from each campus. These requests will result in operating losses of \$19.6 million for the Community Colleges, \$7.5 million for the State Universities and a breakeven budget for Charter Oak State College, as summarized below:

Net Change by Unit		
	FY2019 Projected	FY2020 Budget
	<u>Net Change</u>	<u>Net Change</u>
Connecticut State Universities	(\$906,396)	(\$7,521,436)
Connecticut Community Colleges	(7,969,259)	(19,641,829)
Charter Oak State College	808,771	63,166
Board of Regents	-	-
CSCU Total	<u>(\$8,066,884)</u>	<u>(\$27,100,099)</u>

The operating losses in the base spending plans submitted by the individual institutions must be covered by some combination of reserves or other management initiatives to reduce spending or, potentially, increase revenue through enrollment management or other means. Covering these losses would amount to a drawdown of 5.3% of current reserves for the CSUs, and 53.2% in the case of the Community Colleges. In the case of the Community Colleges, this drawdown is extremely aggressive and would not be sustainable beyond FY 2020.

In the event that the Board of Regents approves a more limited drawdown of reserves for the Community Colleges, management will undertake efforts to produce corresponding savings to achieve balanced operations in the coming year. In anticipation of a Board-imposed limit on the use of Community College reserves, the system office has developed options that would reduce spending across the community colleges by \$12.5 million, thereby reducing the drawdown of reserves from nearly \$20 million to only \$7.1 million, or 19.2% of current reserves. These options would entail establishing targets for reductions to personnel and other expenses budgets at each campus and the system office.

Note that it is not recommended to impose these options on the state universities or on Charter Oak given the higher reserve levels at the CSUs and Charter Oak's proposal to operate with a small surplus in FY 2019.

The reduction options management may implement, which are described at the end of this report in detail, include:

1. Continuation of hiring freeze. Under this option, the Community Colleges will continue hold vacancies open and only refill critical positions after a thorough evaluation by the system office of the impact on critical services provided to students.
2. Personnel reduction. This could be accomplished by limiting overtime, part-time hours, release time, or overload.
3. Other Expense reduction across the board.

REVENUES

The proposed spending plan reflects the Governor's budget proposal for State appropriations and relies on the following revenue, including tuition and fees revenue based on the BOR-approved tuition and fee schedules for FY 2020 combined with a projected 1% decline in enrollment.

<u>CSCU Revenue (\$ Millions)</u>	<u>FY19 Proj</u>	<u>FY20 Budget</u>	<u>FY 2020 Bud vs. FY 2019 Proj</u>	
			<u>(\$)</u> Increase	<u>(%)</u> Increase
State Appropriations	\$297.5	\$300.5	\$3.0	1%
Fringe Paid by State	279	303	24	9%
Tuition (FT & PT)	305.0	313.4	\$8.4	3%
Student Fees	238.7	247.1	\$8.4	4%
Housing and Food Services	103.6	105.9	\$2.4	2%
All Other Revenue	17.0	16.5	(\$0.5)	-3%
<i>Total</i>	<u>\$1,240.7</u>	<u>\$1,286.4</u>	<u>\$45.7</u>	<u>4%</u>

The revenue sources are primarily from State support (47%,) tuition (24%,) fees (19%,) and auxiliary services (8%).

The FY 2020 total General Fund allotment of \$328.5 million plus related fringe benefits reflects the adopted FY 2020 state budget, including an adjustment of \$8.2M additional funds towards the Community Colleges Operating Fund Fringe. The adjustments to CSCU FY2020 in the adopted State budget include: \$25,000 increase to Community College block grant for Ansonia students in the College Connections program and \$150,000 increase to CSU block grant for the O'Neill Chair and \$100,000 for the IMRP program at CCSU.

The state appropriation is itemized below. Note that a proposal by the Appropriations Committee to shift some of the CCC and CSU block grants to the Board of Regents line was not included in the adopted budget. Overall, state funding increases by \$11.5 million in FY 2020 and \$28.1 million in FY 2021.

Includes staff dedicated exclusively to Community Colleges. Spending is predominantly in the areas of Information Technology, Finance and Facilities. Significant areas of OE include licenses for Banner and other system-wide technology and preparation of financial reports.	Includes staff dedicated exclusively to State Universities. Spending is predominantly in areas of Facilities, Finance, and Information Technology. Significant areas of OE include financial statement preparation and implementation costs for CSCU 2020.		

Personnel Costs

Personnel costs (salary and fringe) account for over 77% of total costs at CSCU, including the 5.5% salary increases driven by the 2017 statewide concession agreement with SEBAC. In FY 2020 the projected fringe benefit cost is 67% of total salary.

Colleges and Universities have shown a more conservative approach in FY 2019 and proposed for FY 2020, with vacancies being held open for longer periods of time and with only the most critical positions being filled, often at a lower salary. For example, CCSU only filled 11 of the 46 vacancies that were budgeted to be filled during FY 2019.

At the Community Colleges, a decline in enrollment has resulted in reduced part-time faculty costs across the board. Retirement is also playing a role, with many institutions electing to forgo replacement of vacancies or delay hiring when vacancies occur. Some colleges are eliminating vacant positions due to lack of funding or department reorganization.

It is worth noting that the recent and budgeted levels of personal services spending have allowed the Community College system to maintain stable student-to-faculty ratios in recent years, as shown below.

Fringe Benefit Costs

Fringe benefit expenses will exceed \$400 million in FY 2020 based on our conservative projection. The fringe benefits cost increase is due to increase in rates, increase in personnel cost and most significantly a large number of eligible employees (696) transitioned from the alternate retirement plan to the state retirement system part of the SAG award. The additional cost due to conversions associated with the SAG award is estimated at \$18.4 million

There are some reasons for optimism that fringe benefit expenses may come in lower than this budget, however. First, the system is making some changes to the methodology by which we allocate fringe benefits between the General and Operating funds. These changes are intended to more effectively maximize the fringe coverage by the Office of the State Comptroller, and could produce savings of more than \$1 million per year. Second, the adopted state budget includes a reduction in SERS unfunded liability costs based on an anticipated agreement with SEBAC to re-amortize those liabilities. This is likely to result in a reduction of the rate assigned for SERS by the Comptroller, saving CSCU money on the employees charged to operating funds.

Other Spending Items

The spending plan before you includes \$1 million from System Office (Community College) reserves to support a system-wide marketing campaign intended to drive enrollment. That effort would accentuate the affordability of Connecticut's community colleges, including the elimination of the application fee, the high proportion of students who pay no tuition out of pocket, and the ease of credit transfer under TAP for those seeking a very affordable path to a Bachelor's degree. This effort would also support the Community Colleges' implementation in FY 2021 of "Debt-free College" that was included in the state budget, and which anticipates robust enrollment growth in that year.

While the impact of these identified reductions would be challenging to the colleges, their successful implementation will have a significant impact on the system's solvency over the next few years. In conjunction with savings anticipated and already achieved under Students First, along with the additional \$10 million in fringe benefit support included in the budget for FY 2021, these savings could help to rebuild reserves to current levels by 2024. The impact of these items is shown in the graph below.
