1. CALL TO ORDER

With a quorum present, Chair Cohen called the meeting to order at 9:31 a.m. and welcomed the YouTube audience, Regent Harris, and Shared Services presenters who joined the meeting.

2. APPROVAL OF FEBRUARY 16, 2021 JOINT FINANCE/HR MEETING MINUTES

Chair Cohen requested a friendly amendment to make two changes to the minutes:
- On page one, in the attendance, move Colena Sesanker to “Committee Members and Regents Participating” rather than “CSCU Staff”
- On page two, under Regional President Update, 2nd paragraph, last line-- so it should read ....“that this committee meeting agenda is not ...”

The motion was made to accept the meeting minutes as amended by Regent Wright and seconded by Regent Jimenez. The motion was approved by unanimous voice vote.

3. INFORMATIONAL ITEMS

A. Remote Work Discussion with Mike Lopez and Diane Mazza

- Committee Chair Cohen noted that Mike Lopez and Diane Mazza have been reviewing telework policies and making suggestions for what, if anything, the Regents want to do about adopting a policy that allows for telework. This work differs from the action taken during the pandemic. Review is beginning to address issues like - what types of jobs are best suited for telework, how are they approved, and what is the relationship between the employee and the supervisor.
The intention is to develop a draft and share it among the Committee members and with people on campuses who supervise Management/Confidential employees (approx. 300 non-represented employees).

- Regent Jimenez added comments about what should be included in the draft to protect both the employer and employee. He encouraged the team to review policies from peer institutions and to partner/hear from different perspectives (i.e., community colleges, universities). Policies should anticipate revisions based on changes within the organization and as a result of external events (i.e., pandemic).

- Questions during the discussion included:
  - How do we determine if the home environment is appropriate?
  - How do we support/manage a home internet connection?
  - What performance standards will be in place?
  - How do we ensure the timely return of phone calls?
  - When does an employee become eligible for telework?
  - How do we handle “like employees” - when one is allowed to work from home and one is not?
  - What assurances would be in place for security of information
  - What are the consequences of violating security?
  - What are the insurance liabilities (injury, theft, zoning)?

- Mike Lopez added that there will be a detailed application/approval process which will address some of these issues, including the agreement on expectations of the employee's scope of work. Loner equipment will be provided to ensure all security issues are addressed. The details of any cost reimbursement (internet, office supplies) need to be fleshed out.

- Regent Wright noted that this policy is not intended to cover someone who occasionally needs to work from home. Nor should remote work be connected with a child or family care situation. The work environment must be maintained.

- Committee Chair Cohen closed the discussion by indicating that discussions will continue.

B. **IT Shared Services Update with Tim Hilbie and Joe Danajovits**

- Regent Harris asked if key performance indicators (KPI's) were being developed within each Service Level Agreement.
- Committee Chair Cohen asked for a follow-up report on which employees are being moved into Shared Services roles.

C. **Finance Shared Services Update with Laura Ewell and Janel Wright**

- Laura Ewell indicated that currently Finance Shared Services included Payroll, Accounting, and Purchasing/AP.
- Regent Balducci asked about the Part-Time Lecturer contract payment problems at Gateway CC. Laura Ewell noted that the issue was quickly resolved and reviewed the communications improvements so the problem does not recur.
- Committee Chair Cohen asked about the hiring process for the Payroll Manager and Financial Services Specialist. Laura Ewell noted that both positions are SUOAF positions and must be posted within SUOAF first, then posted broadly so that all employees may apply.

D. **Human Resources Shared Services Update with Mike Lopez and Diane Mazza**

- In the interest of time, the report will be deferred until the May HR/Admin Committee meeting. At that time an update on the Telework Policy will also be provided.
E. **Digital Archiving of Board Resolutions - Project Update with Pam Heleen and Patrick Carr**

Pam Heleen provided a summary of the current issue. CSCU, its System Office and all member Colleges and Universities require the ability to preserve and access public records of the institution. Governance records have significant value and implications for institutional knowledge and board resolutions need to be retained for the lifetime of the institution. In addition, currently at CSCU, there is no systemic way for an employee or the general public to create/search for a chronological history of an issue addressed by a Board of Regents and/or Board of Trustees. When CSCU was established in 2011, there was no merging/consolidation of resolutions and their relevant documents into a single searchable database. Some pre-CSCU institutions, as well as the System Office, continue to maintain paper copies of resolutions; some lack a consistent naming convention that would allow an efficient search. The hope is to create a trusted, valued, accessible resource for the preservation of CSCU’s history.

- Patrick Carr, Program Manager for Library Consortium Operations for the CSCU Library Consortium provided an update on the planned solution and the current status of the project. He and others have recommended the Connecticut Digital Archive (CTDA) as a repository that would be ideally suited for the long-term preservation of an access to BOR materials. The CTDA is administered by the University of Connecticut Library, and it serves the entire state by providing educational and cultural institutions across the state with an online repository for the maintenance, delivery, and preservation of over 2.5 million digital resources. Use of the CTDA comes at no charge. The CTDA complies with key standards and best practices for data preservation and management, and it is authorized by the Connecticut State Archives for storage of permanent records.

- In addition to providing a repository for preservation and access, the CTDA is a partner with the Digital Public Library of America, which is a well-known online repository used by researchers and students everywhere to access the digital resources of libraries, archives, museums, and other cultural institutions. As a result, inclusion of BOR materials into the CTDA will not only preserve them, but it will make them easily discoverable and accessible to people everywhere.

- Meetings with representatives from the CTDA and representatives from the libraries of the two universities in the CSCU system who currently use the CTDA - Central Connecticut State University and Southern Connecticut State University - have taken place. Thanks to CCSU’s Sharon Clapp, Dana Hanford and Brian Matzke and to SCSU’s Patrick Crowley, Parker Fruehan, and Jackie Toce. They shared the procedures, tools, and skills that will be needed to assign metadata to BOR materials and then create and upload digital representations into the CTDA.

- Another important partner in this project is Dr. Brian Real, Assistant Professor of Information and Library Science at Southern. Dr. Real oversees internships of students in Southern’s Information and Library Science program, and he is working now to recruit one or more unpaid interns this summer to begin execution of the project.

- Next steps include to:
  - establish a formal relationship with CTDA through the signing of an MOU which is with Legal Affairs under review now.
  - attend CTDA training to assist us in organizing data and creating searchable and sorting protocols
  - continue assembling and scanning pre-2015 resolutions from the CSCU Board and all institutions
  - document the process for staff, CTDA, and interns
  - establish milestones to measure success

4. **ADJOURNMENT**

On a motion by Regent Balducci, seconded by Committee Chair Cohen, the meeting adjourned at 11:00 a.m.

Payroll Shared Service

**Phase 1:** 12 CCs, Charter Oak State College, and System Office

**Official Start Date:** October 23, 2020, processing first payroll cycle on 11/5/2020

**Overview:**
Payroll Shared Services has been processing payroll for the 12 community colleges, Charter Oak State College, and the System Office since October 2020. Payroll and HR have been working closely together to transition into a shared services model. With the exception of some known issues with Part Time Lecturer (PTL) contract payments at Gateway Community College, Payroll has been processing well under the new organizational model.

**Efficiencies:**
To reduce the amount of manual data entry required by Payroll for certain payments to employees, Payroll/HR Shared Services has worked with CoreCT to develop a process to upload batch payments for transactions such as one-time lump sum payments, longevity, etc.

**Upcoming Milestones:**
- Hire the Payroll Manager
- Update Service Level Agreement with information gained since go-live.
- Process Longevity Payments for April 1, 2021
Accounting Shared Service

**Phase 1:** 12 CCs, System Office, and the CSUs (as outlined in the SLA)
**Tentative Start Date:** April 2021

**Overview:**
Accounting has been functioning as a shared service. Finance is formalizing this process under the Shared Services governance. In addition to the current functions, Accounting is taking on the role of centralizing Fixed Assets as well as Accounts Receivable. Accounting is in the process of posting a position to help lead the AR shared service set-up.

**Upcoming Milestones:**
- Implement centralized fixed assets.
- Hire Financial Services Specialist to help stand up AR Shared Service.
Purchasing/AP Shared Service

**Phase 1:** 12 CCs and System Office  
**Tentative Start Date:** April 2021

**Overview:**  
Purchasing and AP will be transitioning as a shared service under the Shared Services governance structure early –mid April. All staff affected have been notified of their lateral move to Shared Services. All functional discovery for both AP and Purchasing has been completed and plans for transition are in progress. One particular challenge has been the "functions" that are going to be left on campus without staff.

**Upcoming Milestones:**
- Begin the transition for all Campuses
- Hiring: Purchasing Manager, AP Manager, Supplier Coordinator, PCard Admin
Shared Services Positions

**Hiring:**
All new positions being hired for Shared Services will be SUOAF positions. These positions will be required to be posted internally with SUOAF first but the intention is to post these publicly for the employees at the colleges to apply. We are or will be hiring for approximately 6 new positions:

- Payroll Manager
- Procurement Manager
- AP Manager
- Supplier Coordinator
- Purchasing Card (Pcard) Administrator
- Finance Services Specialist

**Lateral Moves:**
As part of Finance Shared Services we have or are planning to laterally move 33 employees from their college locations. This includes AP, Purchasing, and Payroll. These employees will remain in their current unions but will report into the System Office.
Upcoming Shared Services

**Future Shared Services:**
- Contracts
- Travel and Reimbursement Compliance
- Grants
- Accounts Receivable
- Others as they are defined
Continuous Improvement

Digital Archiving of Board Resolutions

Statement of Work

I. Overview/Problem Statement

CSCU, its System Office and all member Colleges and Universities, as well as the general public, require the ability to access and search for historical, public records of the institution. Currently at CSCU, there is no systemic way to create/search for a chronological history of an issue addressed by a Board of Regents and/or Board of Trustees. When CSCU was established in 2011, there was no merging/consolidation of resolutions and their relevant documents into a single searchable database. Some pre-CSCU institutions, as well as the System Office, continue to maintain paper copies of resolutions; some lack a consistent naming convention that would allow an efficient search.

This project will create a digital, searchable archive of all resolutions and related documents for the CSCU Board of Regents and all pre-2011 campus Boards of Trustees. Preservation of the information contained in the original documents will allow users/researchers to document the history of CSCU.

Resolutions shall be coherently and logically named and/or numbered and cataloged using the Metadata Object Description Schema (MODS) developed by the Library of Congress. After the resolutions have been archived, access to them may be provided via a search from the CSCU website or accessed through the Connecticut Digital Archive (CTDA), which is administered by the University of Connecticut. The ingestion of the resolutions into the CTDA will in turn enable discovery of and access to the resolutions in the Digital Public Library of America (https://dp.la/), a repository used by researchers around the world.

Finally, the work of this project will include interaction with departments/divisions of CSCU and the State of Connecticut to ensure that digital archiving is incorporated into the requirements of current Records Retention Policies.

II. Establish Collaborations, Workflow, Milestones, Administration and Budget

Collaborations:
- establish a CSCU BOR relationship with CTDA
• identify/develop relationship with the CT State Library Office of the Public Records Administrator, Digital Records Archivist, and Assistant State Archivist
• collaborate with Southern Connecticut State University’s (SCSU) Master of Library and Information Science program for internship assignments
• identify ongoing needs for archiving and record management across the CSCU System and collaborate to propose appropriate solutions (i.e., institutional archivists)

Workflow, Organizational Tasks, and Milestones:
• understand the existing archiving workflows used by the two CSCU institutions who currently use the CTDA (CCSU and SCSU) and explore partnerships
• conduct an analysis to understand/create an efficient and effective process to organize, catalog, and digitally archive resolutions, identify the individuals participating at each step, document how information will be exchanged, and record the project work
• establish milestones for each of the project sections identified below
• create a profile to assist with intern selection

Administration and Budget
• It is proposed that the administration of this project be shared by Pam Heleen, Assistant Director of Board Affairs and Patrick Carr, Program Manager for Library Consortium Operations
• Budget - There is no cost to partner with and have access to the resources of CTDA. Storage is unlimited and as CSCU would continue to own and manage the content, there is no management fee. Interns would be unpaid.

IV. Future Applications of Digital Archiving

It is anticipated that Board meeting agendas, minutes, policies and related activities of its Committees can also benefit from digital archiving. These possibilities will be explored as the project rolls out.
Policy & Purpose

This policy describes and establishes guidelines for telecommuting arrangements for non-represented Management and Confidential (M/C) employees of the Connecticut State Colleges and Universities (CSCU) in accordance with relevant state statute(s) and in keeping with CSCU practices. This policy is designed to maintain employee efficiency and productivity.

Telecommuting as defined by this policy is the voluntary and approved, flexible work arrangement in which some or all the employee’s work is performed away from their official work site at an alternate work site such as the employee’s home or satellite location for all or a portion of the workweek.

Telecommuting is not an employee benefit, nor intended to be available to all employees. Not all job roles or department functions are suitable for telecommuting. The remote work policy does not apply to temporary or occasional work arrangements such as dependent care, recovery from an illness, caring for an ill family member, or other circumstances where an employee is assigned to work at home. Telecommuting should not be used as a substitute for normal absences from work.

Management/Confidential employees approved for telecommuting will continue to work from their approved alternate work site during periods of inclement weather which may impact normal operations at their official work site.

Approval for participation in the telecommuting program is at the discretion of the employee’s supervisor, and the next level of management when appropriate. Approval of a telecommuting assignment may be granted only when it is determined to follow the guidelines developed under this policy. Any assignment shall be on a temporary basis only and may be terminated as required by agency operating needs.

Generally, work suitable for telecommuting will have defined tasks with clearly measurable results, tasks requiring concentration when the employee works independently and minimal requirements for frequent access to hard copy files or special equipment.

Telecommuting may also be suitable for those occasions when employees must attend off-site CSCU meetings or events during portions of the day that make travel to their normal duty station impractical during the balance of the workday.

Employees best suited for telecommuting are self-motivated, self-disciplined, have a proven ability to perform, and a desire to make telecommuting work.

In order to participate, an employee’s regular duties must be such that they can be accomplished via telecommuting. Employees whose regular duties necessitate their presence at their official work site may not telecommute.

The guidelines for participation, eligibility criteria, application process, and the termination clause may be subject to change when it is determined to be in the best interest of CSCU and will contribute to enhanced work efficiency and employee productivity.

Scope

This policy applies to full-time non-represented M/C Management/Confidential employees at the CSCU constituent units who have been performing their current job duties for at least one year.

ITEM

Search Policy and Process for appointment of the President of Connecticut State Community College.

BACKGROUND

In November 2013, the Board approved a policy (4.2 University and College Presidential Search Policy) governing the search process for the selection and appointment of university and college presidents. The Board’s intent was to create procedures providing for open, competitive, and inclusive search processes. In 2015, the Board approved a minor amendment allowing the Board Chair to select a member of the Board to serve as the Board’s Search Committee chair.

In September 2018, the Board approved search process procedures for the selection of the Community College Regional Presidents. The document indicated that “in selecting the President for the singly accredited Community College of Connecticut, the Board’s existing Policy 4.2 will be in place. This item is modeled after that policy and the CSCU System President search process. Additional details have been added to clarify roles and responsibilities.

The Board of Regents (BOR) is responsible for the governance of the CSCU system and the selection of the President of Connecticut State Community College. The search process for this position will be implemented by a BOR Search Committee and a Search Advisory Committee. The search process will represent college-wide constituencies, as well as external stakeholders that depend on CSCU institutions for educated citizens and an innovative and knowledgeable workforce.

The search for this position is intended to start in November 2021 and take approximately 4 – 5 months.

The BOR Search Committee

The BOR Chair shall determine the size and membership of the BOR Search Committee. The Search Committee shall be chaired by the BOR Chair or the Chair’s designee. The processes shall include developing the position profile with input from the Search Advisory Committee and conducting interviews of semi-finalists and finalists with representatives of the Search Advisory Committee. The BOR Search Committee may engage an independent consultant to assist in the search, may convene stakeholder sessions and may conduct such other due diligence review as the BOR Chair deems appropriate. The BOR Search Committee will solicit feedback from the Search Advisory Committee Chairperson(s) following semi-finalist and finalist interviews. The BOR Search Committee shall make its recommendation to the full Board of Regents for the appointment of the President of CT State Community College.

Search Advisory Committee Membership

The BOR Chair shall determine the size and membership of the Search Advisory Committee. The Search Advisory Committee provides valuable input into the search process. Members participate in providing input on the position profile, reviewing resumes of applicants and recommending candidates to the BOR Search Committee for consideration, designating representatives to participate in interviews with semi-finalists and finalists, and providing input to the BOR Search Committee regarding candidates to be considered for the appointment. Each campus shall nominate to their Regional President one representative for each constituent group listed herein to serve on this committee. Using these nominations, the Regional Presidents will provide a recommended slate from across the campuses representing faculty, staff, students, union leadership, and foundation representatives; members should represent the diversity of the CSCU Community College community. The recommended list of members shall be submitted to the BOR Chair for formal appointment to the Search Advisory Committee. In the case of the external stakeholders, the BOR Chair will appoint leaders from business, workforce, community organizations, and secondary education to serve as representatives on the
Search Advisory Committee. The chair and co-chair of the Search Advisory Committee shall be elected by its members.

ACTION ITEM

Adoption and implementation of the revised first and third quartile marks of the Connecticut State Colleges and Universities System’s Management/Confidential Salary Range Plans.

BACKGROUND

The Board of Regents adopted a uniform compensation schedule for non-represented Management/Confidential employees in 2015 based on the 2014 Sibson Consulting Report. This schedule includes common classifications and salary grades in a single salary structure. The minimum, midpoint, and maximum salaries for each classification level were established based on an analysis of comparable regional higher education management salaries. The 25th and 75th percentiles of the classification range were set at the time based on a defined market range and not equally distributed between minimum and midpoint, and midpoint and maximum. This schedule corrects that anomaly.

RECOMMENDATION

CSCU leadership recommends approval of the revised Management/Confidential Salary Range Plans.

The HRSS staff is fully aligned to the five Centers of Excellence (COE) and managing both existing college and CT State Community College operating modes.

- HRSS is now supporting the existing 12 College/Charter Oak State College/System Office structure and the CT State Community College structure as it is implemented.
- Payroll has shifted over to shared services under Finance. HRSS continues to support payroll issues as needed and appropriate.
- HRSS staff has been augmented, especially in the Recruitment COE, to manage growth of student advising staff for alignment with student/advisor ratio best practices for the CT State Community College.
HRSS Communication Roll Out

• We have shared and confirmed with the Regional Presidents and CEOs the Service Level Agreements HRSS will operate under
• We created and launched the HRSS website portal https://www.ct.edu/hr
• Broad email communications to employees regarding HRSS model and portal
• Campus HR Shared Services town hall meetings conducted by the HR Strategy Team
HRSS Continuous Improvement Process

• We initiated our feedback/satisfaction survey and continuous improvement process with the CEOs in Nov 2020
• Goal was to identify areas of needed improvement and get an assessment of satisfaction with HRSS
• Held regional meetings with CEOs and Regional Presidents in Dec 2020 to review survey and seek additional clarification
• The feedback was assessed by the HRSS team and Action Plans were prepared for each COE and shared with Regional Presidents and CEOs in January
• HRSS will continue this process quarterly for at least the next year to identify areas of needed improvement and to implement changes and measure impact. At the end of this period, HRSS will review frequency of surveys

Compliance Challenges:

• **Diversity training** records have historically been paper sign in sheets and reporting in the Affirmative Action Plans.

• **Sexual Harassment Prevention** is now required for all current employees who have not completed this training since 10/1/2018 must complete this training.
Next Steps:

Actions to move us towards full compliance:

• Develop and implement a **catch-up strategy** for all current employees to move the CSCU/CSCC into full training compliance by February 1, 2022.

• Develop **on-boarding process** for all new appointments that includes completion of all mandated training compliance within the first week of appointment February 1, 2022.

• We are currently looking into expanding the NEOGOV contract to support training compliance.
