RESOLUTION

concerning

GIFT FROM THE TECHNICAL INSTRUMENTS, INC.

to

SOUTHERN CONNECTICUT STATE COLLEGE

July 16, 1971

WHEREAS, The Technical Instruments, Inc. of 441 Washington Avenue, North Haven, Connecticut, has generously donated to Southern Connecticut State College a Model 101 Gammascopes valued at \$5,000.00, and

WHEREAS, This equipment will be utilized by the Science Department in research and instructional programs at the College,

BE IT THEREFORE RESOLVED: That the Board of Trustees for State Colleges accepts this generous gift in behalf of Southern Connecticut State College and transmits by copy of this Resolution its expression of appreciation.

Dr. Wilfred F. Croft
Associate Executive Secretary
Board of Trustees for State Colleges
80 Pratt Street
Hartford, Connecticut 06103

Dear Wil,

Here is an item for the forthcoming meeting of the Board of Trustees.

I have just written Mr. Joel Maynard, sales manager of Technical Instruments, Inc. (441 Washington Avenue, North Haven, Connecticut, 06473), copy enclosed, expressing the appreciation of Southern Connecticut State College for the gift made by Technical Instruments, Inc. to the College of a Model 101 Gammascopes, which is a pulse height analyzer valued by Mr. Maynard at \$5,000.00. This piece of scientific equipment resembles a sophisticated desk-top oscilloscope to the unsophisticated layman. I am assured by members of our science departments that the Gammascopes will prove highly useful to the instructional and research programs being conducted at Southern.

I suggest that the Trustees at the July 16 meeting take note of this gift and express their gratitude to Mr. Maynard and to Technical Instruments, Inc.

Sincerely yours,

Manson Van B. Jennings

July 7, 1971

Mr. Joel Maynard, Sales Manager
Technical Instruments, Inc.
441 Washington Avenue
North Haven, Connecticut 06473

Dear Mr. Maynard:

On behalf of Southern Connecticut State College, I should like to express my appreciation and that of the College for your gift of a Model 101 Gammascopes, a pulse height analyzer which you indicate has a fair market value of \$5,000.00

Shortly after your return from vacation on July 12, I shall ask one of the professors from our Chemistry Department to phone you to make an appointment at your office so that he may receive instruction in the operation of the Gammascopes, following which he will bring it to the College.

At a forthcoming meeting of the Board of Trustees for the State Colleges I shall report your gift and I am sure that they will take official action expressing their appreciation for the gift to Southern Connecticut State College.

As our Evening Division student, Mr. Louis Palmieri, indicated to you, the College will benefit greatly from your donation and we are most appreciative of your contribution to the scientific endeavors of Southern Connecticut State College.

Sincerely yours,

Manson Van B. Jennings
President
