RESOLUTION

concerning

CREDIT BY EXAMINATION

April 7, 1972

Students may obtain advanced standing in certain courses through successful completion of College Level Examination Program (CLEP) tests or advanced placement tests (CEEB) administered by appropriate test centers. United States Armed Forces Institute (USAFI) credit is given for courses taken after 1945 if validated from a certified USAFI center.

Dr. Smith:

Edna M. Sole called me today to report two things:

1. She had telephoned every member of the Faculty Advisory Council regarding the statement on credit by examination which is to appear in the catalogues. The members had all agreed that the statement itself presented no problems and could easily be accepted as it is. However, it is their hope that in the implementation, the Faculty Senates at all the campuses would be consulted. Therefore, she felt there was no need for the emergency meeting which was being considered for tomorrow evening at her house.

2. With reference to the collective bargaining legislation - the members were not too happy with it. They are for multiple representation and therefore would prefer that support could be directed toward the CEA legislation.

April 11, 1972

TO: College Presidents

Enclosed are four resolutions adopted by the Board of Trustees at the regular meeting on April 7, 1972;

1. A resolution adopting a common calendar for the four colleges.

It was understood that this common calendar would allow local variations within the parameters indicated. Mrs. Sole of the Faculty Advisory Council suggested in a discussion in the Planning Committee the advisability of setting aside one or two days each semester for post-registration counseling of students. From a discussion following Philip Stull's suggestion from the Student Advisory Board that students be given two days off for taking care of their voting obligations, it was agreed that this was undesirable but that local arrangements could be made to avoid tests during that period (or else to allow students to make them up) and to excuse students from classes who had to go any distance to vote.

2. A resolution adopting a common catalogue statement on credit by examination.

In response to Mrs. Sole's thought in behalf of the Faculty Advisory Council that the local Faculty Senates should have a hand in implementing this resolution, it was said that this resolution merely established the principle of giving credit by examination and that details would be worked out by each of the colleges.

3. A resolution adopting a common catalogue statement on student interchange.

4. A resolution authorizing increases in board and room fees at the colleges either in the fall of 1972 or the fall of 1973. Supporting material is attached to the enclosed resolution. Ratification by CHE is necessary before implementation.
