Re your "Educational Leave" Resolution. He has no problem with it other than in the use of the phrase "Educational" and this is related to the old policies. Nowhere do the policies provide for educational leave, per se. Sabbatical leave is permitted, maternity leave and leaves for professional development (Part IV). For this reason he suggests perhaps you should consider using that expression: By inserting in the RESOLVED the following -

"...have the authority to grant professional development leaves with pay."

Regarding your question about such leave for the College Presidents and the Executive Secretary. He felt the paragraph should stand the way it is. Perhaps the leaves of the College Presidents should be reported to the Central Office, but other than that, he did not feel it necessary to require anything more

P. S. He has received your check for the College Foundation and will see to it that you get a receipt.

Dear Manson:

Here is the draft of the leave resolution. Do you think the Executive Secretary should inform the Board Chairman of his own absence? Perhaps the Presidents should inform the Executive Secretary that they will be absent? Maybe the Presidents and Executive Secretary should inform the Personnel Committee or the Board of their absences under this resolution. Of course, it would be nice to leave it like it is.

Merry Christmas,
