Dear Mrs. Audette:

On behalf of Southern Connecticut State College, may I express our very real appreciation for the rock and mineral collection you have donated to the College.

With some of the labelled specimens dating back to the 1880's, I am sure the Earth Science Department will derive real value from the use of the collection for teaching and research purposes.

In view of the fact that you made the donation in May 1974, I regret that your gift was not brought to my attention until recently, thus accounting for my delay in officially acknowledging your valuable gift to the College.

Sincerely,

Manson Van B. Jennings  
President
