Dr. Dallas K. Beal, President  
Connecticut State University  
New Britain CT 06050

Dear Dr. Beal:

Please accept this letter as an application for the position of Director of the Experimental College of Connecticut State University. A resume is enclosed, and references will be provided if you wish.

My experience at Central and within the CSU system would seem to provide the background which the position requires. It has included not only several examples of successful innovation at the campus level; it has also provided opportunities to represent CSU as a whole. Given the challenging nature of the position, your Director will need experience such as this.

Your consideration of my application will be very much appreciated.

Sincerely yours,

  
George R. Muirhead
